African American Religious and Cultural Heritage

We have a glorious heritage. Our foundation can be found in the Bible, the word of God. Because of our ancestor's strong beliefs and faith in God, our people were able to overcome oppression, suffering, and even slavery, just like the Israelites. God has truly been and is our Deliverer.

The African American community found refuge in the church. In the church, our people found peace, comfort, and strength. It was in the church that the black colleges were conceived, given birth, and prayed for. It was in the churches that a young and vibrant NAACP carried on its membership drives. It was the church that gave us our drum major for justice, the Rev. Dr. Martin Luther King, Jr. We thank God for all of our pioneers for justice and equality before the coming of Dr. Martin L. King, Jr.

The God of the Bible has always been a source of comfort, strength, and hope for us. Faith in Jesus Christ has caused thousands of African Americans to become active in the movement of making a better life for all.

There are many who have drifted away, but it's not too late. We can still return to the God of our fathers. Choosing Jesus Christ prepares you to be a real agent of change in our community and world. The Ujima Cultural Center is a Faith-Based Educational center.

Let us embrace our African American Religious & Cultural Heritage!!!

EVERYONE IS ALWAYS WELCOME
